

**FAST TRACK
KYIV REPORT
2017:
SYSTEM CHANGES
for 90 90 90**

Vitali Klitschko,
Head of the Kyiv City State Administration

«Kyiv will end AIDS, including through the Fast Track Cities Initiative. This is of utmost importance for the people of our city, country and the region of Eastern Europe, where the AIDS epidemic is still on the rise».

Mykola Povoroznyk,
Deputy Head of
the Kyiv City State Administration

"We must overcome indifference and prejudice towards people living with HIV. Ending stigma and discrimination is the key to Ending AIDS, and one of the main requirements of the Fast Track Cities Initiative."

Lada Bulakh,
Head of the Kyiv Branch of
the All-Ukrainian Network of
people living with HIV

"Over the next five years we have to dramatically reduce new HIV infection in Kyiv city and ensure long and productive life of people, living with HIV. Close cooperation and coordination with city state administration, municipal health care and social protection services are necessary prerequisites for the progress."

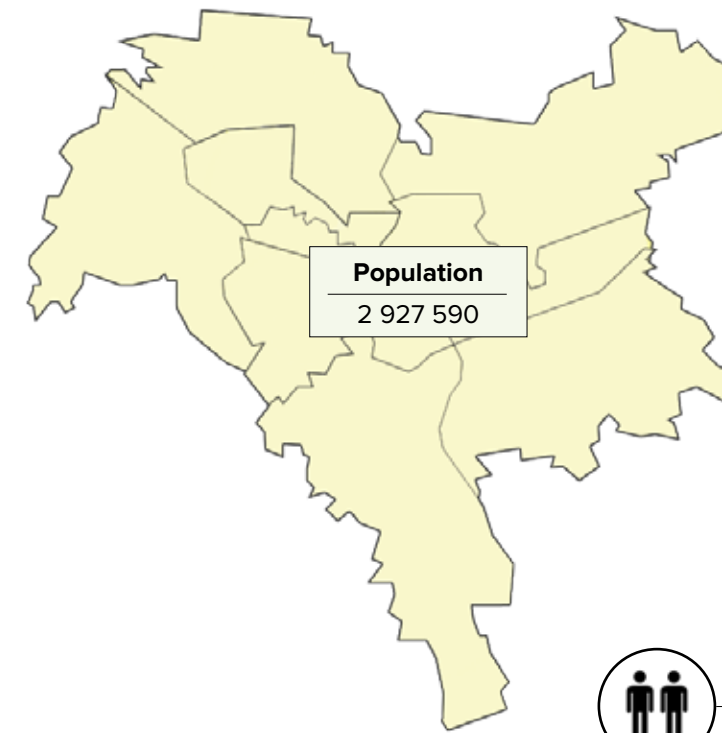

Paris Declaration signing, 6 April 2016

Kyiv, Ukraine

1200 sexual partners of PLHIV tested

The number of tasted partners doubled.
The number of tasted HIV+ doubled
81 HIV+in 2016
180 HIV+in 2017

Antiretroviral treatment decentralization

Increased number of ART access points from 4 to 30

6

business as usual

4 ART sites
(trust points)
of the AIDS Center

innovation

Treatment at 4 sites and
26 polyclinics
(infectionists)

Antiretroviral treatment decentralization

ARVs in drugstores by receipt

7

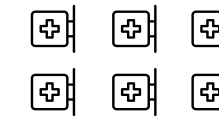

business as usual

ARVs only at
4 ART sites

innovation

ARVs at all sites
and in 12 drugstores

8

business as usual

No Test & Start

30 days treatment initiation standart

innovation

Treatment initiation within 30
days maximum (Protocol)

2 329 initiated ART

47% initiated ART
within 1 week
upon testing
positive

9

business as usual

Public-private partnership

Dolutegravir (DTG) initiation

innovation

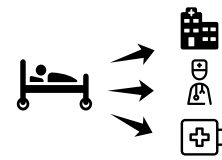

Co-funding of ART

1300 annual courses of DTG

10

business as usual

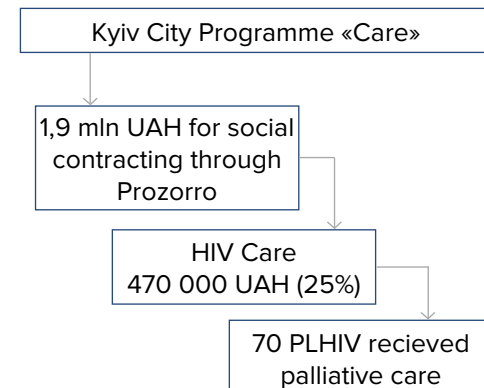

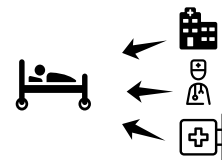

Social contracting

Kyiv city budget allocation for social contracting

innovation

Palliative care

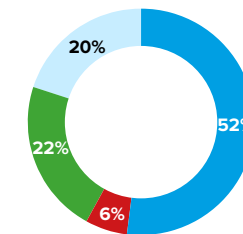

Kyiv Fast Track funding

From zero (2015) to 9% (2017) Kyiv city budget for HIV
